Dear McGraw Parents:

Thank you so much to all of you who took the time to complete the recent Parent Survey. Our organization, The R/E/D Group, is helping the Board and administration look to the future and to continuously improve the learning experiences of children in the District. We really appreciate you sharing your views and promise to take them very seriously.

As you know, the names of everyone who completed the survey by the deadline were placed in a drawing and two lucky winners were each randomly chosen to receive \$50 in VISA cards. The winners were **Timothy Duff** and **Tiffany Shultz**. Congratulations to them and to all of us who are working to make the McGraw Central School District an amazing place for all the children of the community!

Again, thank you for your support.

Sincerely,

Bob Tornberg
