CODE OF CONDUCT SUMMARY*

PROHIBITED STUDENT CONDUCT

The Board recognizes the need to make its expectations for student conduct while on McGraw Central School District property or engaged in a McGraw Central School District sponsored function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action from McGraw Central School District programs when they:

Engage in conduct that is disorderly. Examples of disorderly conduct include but are not limited to:

- Running in hallways.
- Making unreasonable noise.
- Using language or gestures that are profane, lewd, vulgar, or abusive.
- Obstructing vehicular or pedestrian traffic.
- Engaging in any willful act which disrupts the normal operation of the McGraw Central School District community.
- Trespassing. Students are not permitted in any McGraw Central School District building, other than the one they regularly attend, without permission from the administrator in charge of the building.

Engage in conduct that is insubordinate. Examples of insubordinate conduct include but are not limited to:

- Failing to comply with the lawful directions of teachers, McGraw Central School District administrators or other school employees in charge of students or otherwise demonstrating disrespect.
- Lateness for, missing or leaving McGraw Central School District property without permission.
- Skipping detention.

Engage in conduct that is disruptive. Examples of disruptive conduct include, but **are not limited to:**

- Failing to comply with the lawful directions of teachers, McGraw Central School District administrators or other McGraw Central School District personnel in charge of students.
- Being late for school or class.
- Being unprepared for class
- Use or display of electronic devices such as cell phone *(**see exceptions below)*, CD player, headset, Palm pilot, PlayStation DS, IPods, MP3 players, and hand-held games during school hours. Student possession of such items is strongly discouraged. The security of such electronic devices is the sole responsibility of the owner. (An exception to this: Students will be allowed to listen to music during the 3-minute passing between classes and/or lunch periods as long as earphones are used and the volume is at a level that does not disturb others. *When walking in the hallway—only one earphone should be used for safety reasons.*)

Also at the discretion of the supervising staff member—music may be listened to during study halls-- the volume must not disturb others and the student must be working on academics since study hall time is considered academic time.

**Students allowed to use cell phones during 3 minute time period of passing of classes and during lunch in the cafeteria and/ or senior area
Students are prohibited to use phones during classes unless the teacher has incorporated cell phone use into the lesson, i.e. calculator, research, etc.

Engage in conduct that is violent. Examples of violent conduct include but are not limited to:

- Committing or **threatening to commit** an act of violence (such as hitting, kicking, punching, cutting, biting, spitting, and scratching) upon oneself, a teacher, administrator or other McGraw Central School District employee, another student, or any other person lawfully on McGraw Central School District property.
- Possessing a weapon. It shall be unlawful for any person to knowingly possess any air-gun, spring-gun or other instrument or any item deemed to be a weapon in which the propelling force is a spring, air, piston or CO2 cartridge upon school grounds or in any District building without the express written authorization of the Superintendent or his/her designee.
  Any written permission shall be given to a particular individual in relation to a specified weapon. The grant of such permission shall include the serial number of the weapon and shall be for a fixed period of time, which shall not exceed a school year. Additionally, the possession of any weapon, as defined in the New York State Penal Code, on school property or in school buildings is prohibited, except by law enforcement personnel or upon written authorization of the Superintendent/designee. Unlawful possession of a weapon upon school grounds may be a violation of the New York State Penal Law and is a violation of School District policy. (Penal Law Sections 265.01-265.06)
- Displaying what appears to be a weapon.
- Threatening to use any weapon.
- Intentionally damaging or destroying the personal property of a teacher, administrator, other district employee or any person lawfully on McGraw Central School District property, including graffiti or arson.
- Intentionally damaging or destroying school district property.

Engage in any conduct that endangers the safety, morals, health or welfare of others. Examples of such conduct include but are not limited to:

- Lying to McGraw Central School District personnel.
- Stealing the property of other students, McGraw Central School District personnel or any other person lawfully on school property or attending a school function.
- Acts of sexual harassment as defined in the McGraw Central School District sexual harassment policy.
- Hazing or initiation into any teams or groups.
- Acts of coercion, bullying and verbal or physical harassment of students, staff, and/or visitors.

DISCIPLINARY PROCEDURES AND PENALTIES

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. MCSD personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

The student's age.
The nature of the offense and the circumstances which led to the offense.
The student's prior disciplinary record.
The effectiveness of other forms of discipline.
Information from parents, teachers and/or others, as appropriate.
Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's subsequent violations will usually merit a stiffer penalty than the first violation.

STUDENT INTERNET ACCEPTABLE USE POLICY -GENERAL INFORMATION

Internet access will be provided to students of the district in accordance with the terms of this policy. Internet access from school district computers is reserved solely for educational purposes. Access to the Internet will be under the direction and supervision of the staff assigned to this area. The district reserves the right to monitor all Internet activity including transmission and receipt of e-mail.

A violation of this policy will be treated as a violation of the student discipline code and may also result in disciplinary actions based upon other sections of the student discipline code.

PARENTS' RIGHT TO KNOW

Under Federal "No Child Left Behind" Legislation, it is the right of the parent of any student attending McGraw Schools to request information regarding their child's classroom teacher and paraprofessional staff assigned to teach their children. Minimum information parents may request includes:
