K-12 Counseling Program Overview

The purpose of the school counseling program is to impart specific skills and learning opportunities in a proactive, preventive manner, ensuring all students can achieve school success through academic, career and personal/social development experiences. The Comprehensive Developmental School Counseling/Guidance Plan targets three domains of development:

Academic – Learning to learn

College/Career – Learning to work

Social-Emotional – Learning to live

The Comprehensive Developmental School Counseling Plan will:

1. Address the needs of all students.
2. Be an integral part of the instructional program and total educational experience.
3. Include structured activities based upon the needs of each student, including preventative, developmental, and remedial services.
4. Provide accountability and continuous improvement through annual review of student progress and program and staff evaluation.
5. Include appropriate professional development for all staff to maintain a quality program.
6. Depend upon the support and collaboration of administrators, teachers and other school personnel, students and the community.
7. Be coordinated by certified school counselors.
