

# Asbestos Notice

## **Notice of Availability: Asbestos Management Plans**

As provided under the Asbestos Hazard Emergency Response Act (AHERA - EPA 40 CFR 763), the McGraw Central School District hereby makes known the steps it has undertaken to comply with AHERA and the availability of asbestos management plans.

1. Beginning in [1988], all district owned facilities were inspected for asbestos and management plans were developed for each building according to the requirements of AHERA. Re-inspections are conducted by the District every three years. Onondaga-Cortland-Madison BOCES of Syracuse, N.Y., completed the July 2010 AHERA Triennial inspection and update to the asbestos management plans.
2. Periodic surveillance of asbestos containing building materials is conducted every six months.
3. All custodial and maintenance staff have undergone two-hour Asbestos Awareness Training.
4. All response actions taken are within federal and state guidelines.

Management plans may be viewed at the Maintenance Center during office hours from 8 a.m. to 4 p.m. For more information, please contact the following individual: Jeff Payne, McGraw Central School District, 10 West Academy Street, McGraw, N.Y. 13101 or [jpayne@mcgrawschools.org](mailto:jpayne@mcgrawschools.org). For further information call (607) 836-3614.
